

WHITE | Sign Of The Times

WHITE Resort will feature a Special Area in collaboration with **Winwood Fashion**, a Milan-based multi-brand showroom that for many years has been representing several brands from the luxury sector, and that will participate in our new launch with some of the collections it represents: **Juan De Dios**, **SensiStudio**, **Leal Dacarrett**, **Federica Bonifaci** and **ANJUNA**. The decorative elements of the Special Area are made from fabrics and furniture supplied by The House of Lyria, founded by Riccardo Bruni.

JUAN DE DIOS inspired by the love for nature and the beautiful landscapes of Latin America, in particular from the peaceful Colombian bay 'Playa Juan De Dios', from which it also takes its name. Exotic elements of the local flora, such as cocoa, plane leaves, and orchids along with intricate prints and unique color combinations represent and tell the story of this brand. The continuous use of these design elements in the collections allows the garments to be perfectly matched with each other, season after season, supporting the idea of circular fashion.

SensiStudio was born from the idea of designer Stephany Sensi as a design workshop producing panama hats, woven bags and a ready-to-wear line of embroidered summer dresses. The production is made in Ecuador following a traditional artisanal concept but with a contemporary design approach and aesthetics. By keeping production in Ecuador, SensiStudio is able to support the community by supporting local women's entrepreneurship and keeping the art of straw weaving alive.

ANJUNA is an Italian brand created by the designer Emanuela Corvo. The brand's collection ranges from bikinis with exclusive prints on fine fabrics to fluid kaftans with floral patchwork. ANJUNA is the perfect example of 'summer wear' that combines eco-sustainability and Made in Italy. Only the best fabrics and natural materials - above all cotton, silk and linen - are used in the production of the garments, making them a perfect example of excellent Italian craftsmanship.
